Monastrell

Wooden wine racks, cabinets and display modules

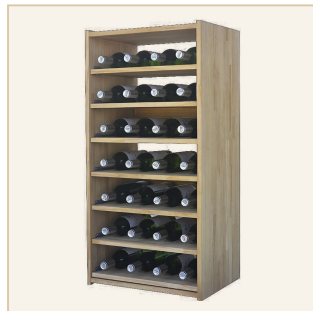

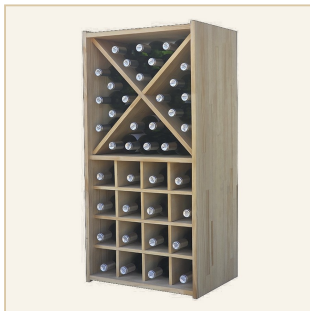

30 references • Solid pine wood • Screw-free assembly • Delivered assembled

THE RANGE

Monastrell Series

The Monastrell range brings together a collection of wooden wine racks, cabinets and display modules designed to organise your bottles at home, in a cellar, in a restaurant or in a retail space. Made from pine wood with a light oak finish, every module assembles without screws and combines freely with the others to create bespoke installations that grow with your space and your needs.

Delivered ready assembled, they store bottles horizontally — the position that best supports good conservation — while giving your collection a careful, warm presentation. From the small 8-bottle display module up to 48-bottle units, the range counts thirty references to suit every project, from the private wine enthusiast to the professional (restaurant, wine bar, wine merchant).

● Solid pine wood

Light oak finish, single-colour or two-tone depending on the model.

● Screw-free assembly

A simple interlocking system, built to last.

● Modular & expandable

Combine the Monastrell modules freely with one another.

● Delivered assembled

Ready to use on arrival — no tools required.

● Horizontal storage

The position that best preserves your wine.

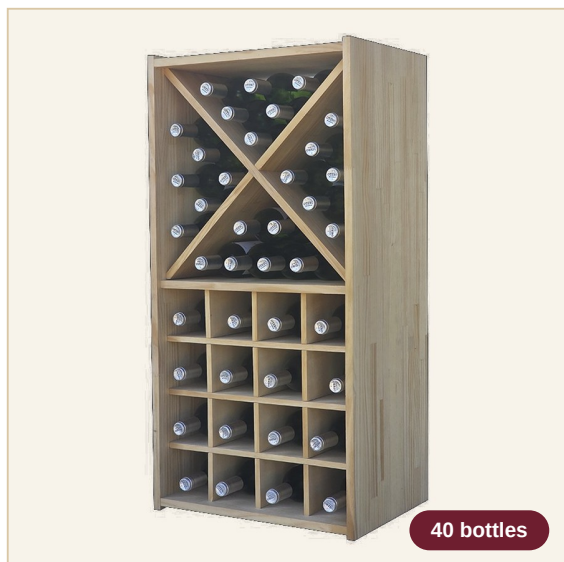

● Bordeaux & Burgundy

Compartments sized for the most common bottle formats.

REF. 450020

Monastrell Small Wooden Wine Rack for 16 Bottles

The Monastrell small wine rack is a compact way to store bottles in a limited space, ideal for starting a wine cellar or completing an existing installation. With individual compartments, it holds up to 16 bottles securely and neatly. Made from wood in a light oak finish, it brings a natural, elegant touch to any interior. Its compact format fits easily into different spaces — kitchen, living room, cellar or shop. Fully compatible with the other modules in the Monastrell series, it can be combined without screws to create personalised configurations. Perfect for small spaces or as a complementary module. Delivered fully assembled, with horizontal storage for better wine conservation and individual bottle placement.

Reference	450020
Capacity	16 bottles
Dimensions	H 48 × W 48 × D 35 cm
Material	Wood, light oak finish
Weight	7 kg

REF. 450016

Monastrell Compact Wooden Wine Rack for 24 Bottles (Diamond Bin)

This screw-free modular unit is an ideal way to organise your bottles in a compact format. With secure individual compartments, it makes the most of the space while keeping an elegant presentation. Its stackable cube design makes it easy to build personalised configurations. Delivered fully assembled, it suits small spaces or works as a complementary module. Compatible with the other Monastrell modules, it stores bottles horizontally for better wine conservation. Available in a single-colour or two-tone finish, it adapts to domestic and professional use.

Reference	450016
Capacity	24 bottles
Dimensions	H 48 × W 48 × D 35 cm
Material	Pine wood, light oak finish
Weight	8 kg

REF. 450010

Monastrell Compact Wooden Wine Rack for 24 Bottles

This modular rack offers a compact, practical way to organise your bottles in individual compartments. It is a stackable, modular unit in a compact cube format, delivered fully assembled. The product provides structured, accessible storage and can be combined easily with other Monastrell modules without any screws. With its natural finish, it suits small spaces or works as an addition to a modular cellar. It is compatible with Bordeaux and Burgundy bottle formats and adapted to domestic or professional use.

Reference	450010
Capacity	24 bottles
Dimensions	H 48 × W 48 × D 35 cm
Material	Wood, light oak finish
Weight	8 kg

REF. 450012

Monastrell Wooden Wine Organiser Rack for 24 Bottles

The organiser rack offers clear, accessible storage to give your wine collection structure. Made from pine with a light oak finish, it combines strength with natural good looks. Its modular design allows screw-free combination with other modules in the series. Horizontal storage supports better wine conservation, while easy access and good visibility make it simple to browse and take out bottles. Delivered fully assembled, it suits home cellars and professional settings. Compatible with the Monastrell modules and available in a single-colour or two-tone finish.

Reference	450012
Capacity	24 bottles
Dimensions	H 48 × W 48 × D 35 cm
Material	Pine wood, light oak finish
Weight	8 kg

REF. 450017

Monastrell Wooden Wine Shelf Unit for 24 Bottles

The Monastrell wooden wine shelf unit for 24 bottles is designed to offer open, practical and attractive storage. It displays your bottles while keeping them easy to reach day to day. This modular wooden unit with shelves holds up to 24 bottles in an organised layout. Its open design gives quick visibility and direct access, ideal for frequent use. It combines easily with the other modules in the Monastrell series, without screws, to create personalised configurations. Delivered fully assembled.

MONASTRELL ACCESSORY

Monastrell Compact Wooden Corner Wine Rack for 20 Bottles

The Monastrell compact wooden corner wine rack for 20 bottles is designed to make effective use of corner spaces that often go unused. It optimises your storage while keeping the installation elegant and functional. This modular corner module with compartments holds up to 20 bottles in a structured, accessible layout. Made from wood in a light oak finish, it brings a natural, warm look. Its compact format makes it easy to fit into small spaces or to complete an existing installation. It can be combined with the other modules in the Monastrell series, without screws, to create personalised configurations. Delivered fully assembled.

Capacity	20 bottles
Dimensions	H 50 × W 49,8 × D 50 cm
Material	Wood, light oak finish
Weight	6 kg

REF. 450040

Monastrell Wooden Wine Rack with Sliding Shelves, 16 Bottles

This rack offers elegant, functional storage with sliding shelves for easy access to your bottles. Made from pine in a light oak shade, its modular design is compatible with other pieces in the Monastrell series, with no screws required. The product is delivered ready assembled and provides horizontal storage for better wine conservation. It suits domestic as well as professional use, and can be free-standing (wall fixing recommended). Available in a single-colour or two-tone finish.

Reference	450040
Capacity	16 bottles
Dimensions	H 48 × W 48 × D 35 cm
Material	Pine wood, light oak finish

REF. 450050

Monastrell Wooden Wine Display Module for 8 Bottles

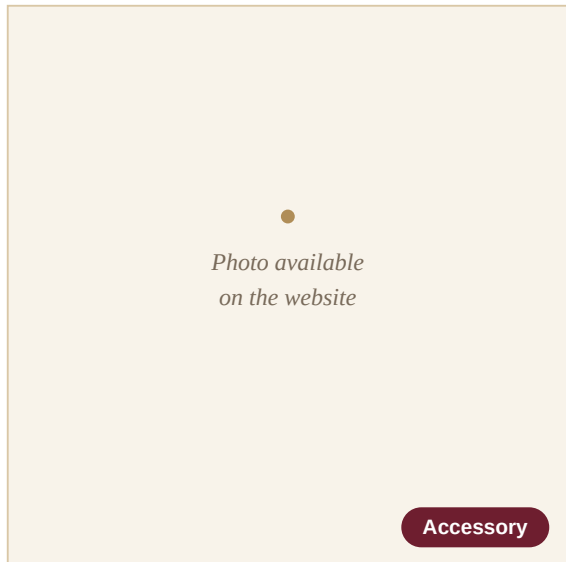

The Monastrell display module is a screw-free modular unit designed to showcase your bottles while still providing practical storage. Its angled display space presents wines elegantly and keeps them within easy reach. The design puts selected bottles on show, making it particularly well suited to high-value wines or fast-moving lines. Fully compatible with the other modules in the Monastrell series, it can be combined without screws to create personalised configurations. Ideal for wine merchants, restaurants and enthusiasts. Delivered fully assembled, in a display module format.

Reference	450050
Capacity	8 bottles
Dimensions	H 48 × W 48 × D 35 cm
Material	Pine wood, light oak finish
Weight	6 kg

MONASTRELL ACCESSORY

Base or Top Panel for Monastrell Wine Racks

The base steadies the module and lets you level the installation on different types of floor. The top panel gives your composition a clean, consistent finish. This accessory is particularly recommended for multi-module installations or professional projects that call for a carefully finished presentation. Compatible with every module in the Monastrell series.

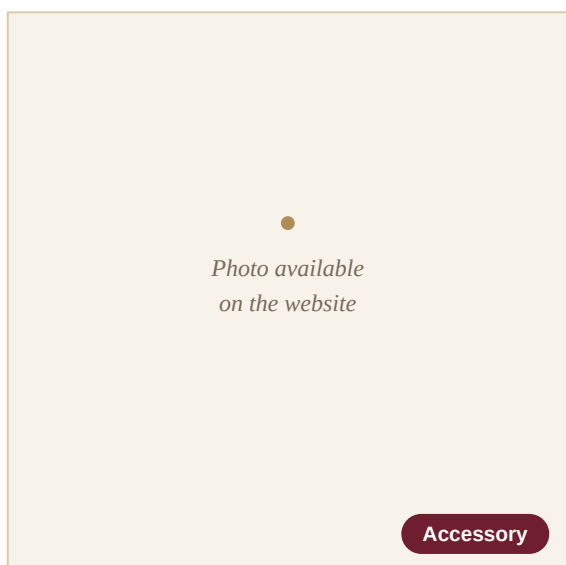

Capacity	Finishing accessory
Dimensions	H 3 × W 48 × D 35,5 cm
Material	Wood
Weight	2 kg

MONASTRELL ACCESSORY

Joining Base or Top Panel for Monastrell Wine Racks

This accessory joins two modules together to create a stable, unified structure. It works as a base or as a top panel to assemble several racks into a modular, expandable composition. The fixing system holds the modules firmly together, guaranteeing a robust installation. Made from wood compatible with the Monastrell series, it ensures the stability of the whole and a carefully finished look. Simple to install and recommended for multi-module configurations.

Capacity	Finishing accessory
Dimensions	H 3 × W 96 × D 35,5 cm
Material	Wood
Weight	3 kg
